Shakthi graduated in Bachelor of Technology in Information technology (in 2006) from Anna University, India.

Following graduation, Shakthi started his professional career as a software engineer with TATA Consultancy Services, located in India.

In 2009 he graduated with Masters of Science in Communication software and Networks from Nanyang Technological University, Singapore.

From May 2009 to Dec 2009, Shakthi worked as a researcher in Wee Kim Wee School of communication and Information, Nanyang Technological University, Singapore.

In Cognitive Edge, Shakthi joins our software development team located in Singapore to assist with the delivery of the new SenseMaker™ v3 modules, including Signifier, Wanderer and Explorer.
